How to seal  
grout, making it  
stain-free &  
easy to clean

**CROMMELIN GROUT SEALER** is a clear water based sealer to protect grout from staining, making it easy to clean.

# How to seal grout, making it stain-free & easy to clean

Ideal for keeping grout looking like new. Easily applied, GROUT SEALER provides a clear seal which resists household chemicals and stains.

## YOU WILL NEED

One 500ml bottle is enough to seal the grout in an average kitchen and dining room.

## EQUIPMENT

Simply brush onto grout areas with a small brush.

## NUMBER OF COATS

Only 1 coat is required to give an effective and lasting seal.

## DRYING TIME

Approximately 30 minutes drying time is sufficient.

## CLEAN UP

Any excess is easily cleaned up with water before drying.

## TIPS

Do not attempt to apply the product too thickly.

For detailed instructions on suitability, surface preparation and application steps, please refer to the product label.

Should you have any project specific questions or require further product information please do not hesitate to contact us.

Waterproofing & Sealing

Customers need to undertake their own assessment to determine the suitability of a product for the particular use intended. As the performance of any product is subject to a wide variety of different surface types as well as environmental and surface-specific conditions, it is essential that a sample of the product be applied to the intended area of use to ensure it is acceptable in appearance and finish and that it perform on the specific surface.
