# Why Fix&Finish colour?

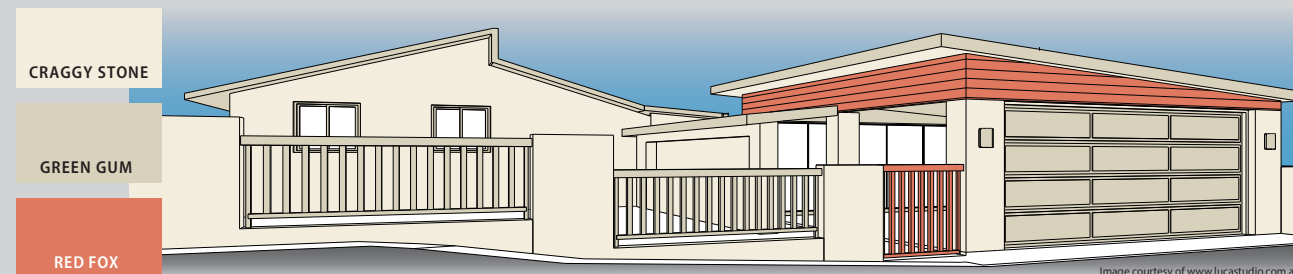

- Colour, refresh and protect new, aged and damaged surfaces in one.
- Rejuvenate cracked concrete, render, brick and old painted surfaces.
- Inhibit rusting metal and timber decay by blocking water ingress.
- Water based. Low odour. Easy clean up.
- Contemporary colour range to suit any decorative theme.
- Long lasting waterproof and weather resistant performance.
- Easy application for professional results. Self priming on most surfaces.
- Prevents efflorescence, mould and algae growth.

## Be inspired & design your own Fix&Finish colour scheme.

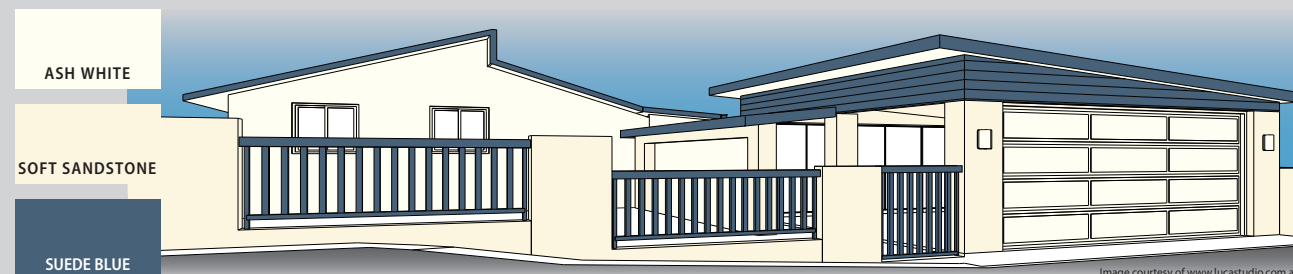

### Metro pre-tinted colour palette

### Traditional pre-tinted colour palette

### Coastal pre-tinted colour palette

# Tinting Fix&Finish colour.

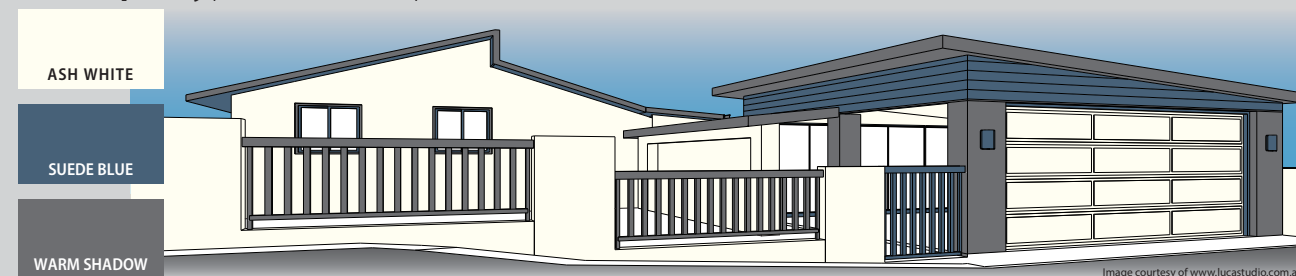

Fix&Finish colour comes in 8 pre-tinted, ready to use colours.

Fix&Finish colour Ash White may also be tinted to any colour to suit your colour scheme (white/deep base colours).

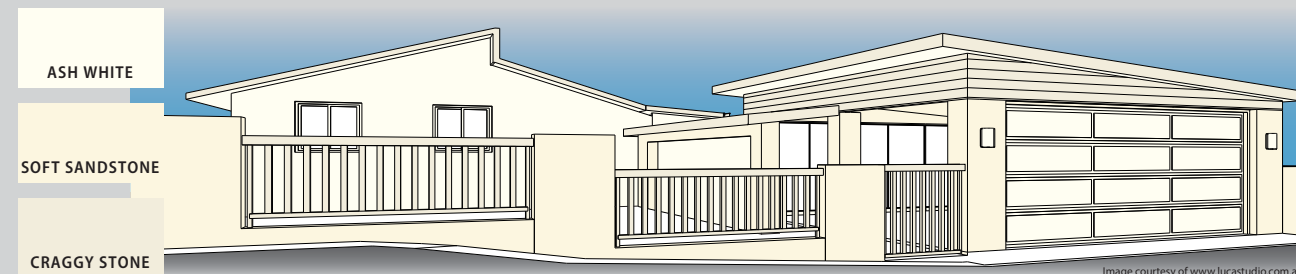

See a Bunnings paint team member for tinting, or call Crommelin for advice on 1800 655 711.

### Contemporary pre-tinted colour palette

### Neutral pre-tinted colour palette

A sample patch is always recommended before full application to access final finish.

Please refer to **Fix & Finish** colour cards when choosing your theme.

Printed colours are as close a representation of final colour as possible.

## Where to use **Fix&Finish** colour.

### Projects

- Exterior vertical surfaces.
- Fences, gates & gutter exteriors.
- Walls, cladding & fascia.
- Verandas & pergolas.

### Suitable surfaces

- New, aged & damaged surfaces.
- Concrete, brick, sheeting & render.
- Timber & plywood.
- Metal & colourbond surfaces.

## How to use **Fix&Finish** colour. **3 easy steps.**

### ① **Choose the colour** to suit your colour scheme.

- Use the **Fix&Finish** colour cards, available in store.
- Refer to the designer colour schemes inside the project guide for inspiration.

### ② **Prepare your substrate** to ensure maximum long term durability.

- Ensure your surface is clean, dry and contaminate free - remove dirt, dust, mould etc.
- Refer to back of the can or the Product Information Sheet, available at [www.crommelin.com.au](http://www.crommelin.com.au), for full preparation details.

### ③ **Apply Fix&Finish** colours to paint, waterproof and protect all in one.

#### Rough surfaces:

- 10m<sup>2</sup> per litre per coat.
- 2 coats.
- Apply with medium nap roller.

#### Smooth surfaces:

- 10m<sup>2</sup> per litre per coat (thin with 5% water).
- 3 coats.
- Apply with 10mm nap roller.
